

WELCOME TO ALLPROPAY

Here's what to expect

A simple walkthrough of how we get you up and running.

Your roadmap

STEP 1

Application

You send back the application details. We submit it for you. No paperwork on your end beyond that.

STEP 2

Approved

Underwriting reviews and approves the account. We handle the back-and-forth on your behalf.

STEP 3

Equipment

Your handheld card reader ships out. Pre-programmed and ready. Plug-and-play when it arrives.

STEP 4

Activation

You start accepting payments. We're on the line if anything looks off on day one.

What's included

Next business day funding

Sales settle to your bank the next business day. No multi-day holds.

\$25 monthly platform fee

Flat fee for the AllProPay platform. No setup fee, no annual fee, no cancellation fee.

Cash discounting program

Card customers cover the cost of accepting their card. Cash customers save. Set up compliantly for your state.

No long-term contract

Month-to-month. No early termination fee. If something isn't working, we fix it or you walk.

Cash discounting, in plain English

Two prices at the point of sale. The customer chooses how to pay.

Your menu shows the card price. Customers paying cash get a discount off that price. Customers paying by card pay the listed price, which covers the processing cost.

The result: your card processing costs are absorbed at the point of sale rather than coming out of your margin. Cash sales become more attractive to customers, and card sales no longer eat into your profit.

We handle the compliant setup based on California rules and how your prices are displayed. You don't have to figure that part out.
